2023 Edition

FAMILIES AND COMMUNITIES TOGETHER, INC.

...Facilitating Collaborative Action to Improve Lives throughout Marion County

Families and Communities Together, Inc. is an independent, local non-profit organization serving families and children throughout all 12 communities of Marion County. FACT's mission is to facilitate collaborative action to improve lives in our county, recognizing that children live, learn, and thrive in safe, healthy homes, schools, and communities. FACT partners with Marion County churches, Marion County school districts, and agencies throughout the county in its endeavors to serve. FACT is the parent organization for the following task forces, coalitions, and programs:

- **Early Childhood Task Force:** coordinating over 20 agencies, organizations, and programs to assist Marion County families in meeting the needs of their young children by insuring that the totality of the child—safety, nutrition, physical and mental health, familial support, societal inclusion, childcare, play—is nurtured.
- **Substance Abuse Prevention Coalition:** supporting the prevention of underage drinking and substance abuse in Marion County by doing what works to make positive change in our communities. We have been awarded the *KDADS/KPCCI Substance Abuse Prevention Grant* to design strategic plans to effectively combat drinking and substance abuse among Marion County youth.
- **Family Financial Assistance Network:** helping sustain families through emergency financial situations (rent, utilities, catastrophic fires or floods, medical emergencies, etc.).
- **Dolly Parton Imagination Library:** Marion County chapter of the Dollywood Foundation book gifting program that mails free books to children (birth to age five) of participating families in Marion County communities.
- **It Takes a Village... Early Childhood Collaborative:** Because children don't come with instructions, the ITAV project utilizes all the tools and resources at our disposal to offer evidence-based, collaborative services to at-risk families and children by providing early childhood screenings, mental health consultations, parenting classes, childcare provider professional development, Parent Cafés, and preschool scholarships to foster healthy development, build strong family connections, and promote early learning.
- **Resourcing and Referrals:** FACT provides the primary Resource and Referral program in Marion County. We are responsible for organizing and printing the *Marion County Family Resource Directory* and distributing the books throughout the county in schools, city buildings, health department, hospitals, clinics, doctor's offices, etc. If a family has a need of any kind, FACT can refer them to an agency that can help them.

For more information on **FACT** and its services, please visit us at factmarioncounty.org or our Facebook page www.facebook.com/mncoFACT/. Donations to **FACT** are tax-deductible and help with the above-mentioned work and more. Contributions made be made by through our website or by mailing your donation to **FACT**, 416 S Date Street, Hillsboro, KS 67063. USD 410 employees may use paycheck withholding for regular donations and automated bank withdrawals are also available for others who wish to regularly donate. Even \$10 a month is enough to help an additional family per year through the FFAN2222. Families and Communities Together, Inc. greatly appreciates your generosity.

www.familiestogetherinc.org or wichita@familiestogetherinc.org
Families Together, Inc. is the statewide organization that assists parents and their sons and daughters with disabilities and/or special health care needs. Our program's mission is to encourage, educate and empower families to be effective advocates for their children. Families Together can help you contact another parent of a child with the same disability, for parent-to-parent support. Families Together also has workshops about IEPs and can help you learn about your rights in the IEP process, and how to advocate to get your child's needs met. They are a great resource for information and support! Individual assistance and workshops. Centers located in Wichita, Topeka, Garden City, and Kansas City.

Healthy Families: 316-333-1888

Healthy Families is a program through the Kansas Children's Service League as a prevention for child abuse and neglect. They serve families who have increased needs. Families can enroll if they are pregnant or have a child under the age of 3 months. Once enrolled, they serve families with weekly visits. They can serve a family until their enrolled child turns 3-5 years of age. They provide transportation services, resume building services, etc., in addition to parenting and child development.
